

JPAG symposium programme

Tuesday 22nd November 2022

JPAG Pharmaceutical Analysis Research Awards and Careers Fair 2022

Royal Society of Chemistry, London

Based on the great success of the past years, JPAG presents its next pharmaceutical analysis symposium for postgraduate/undergraduate students and early career scientists. This event will provide the opportunity for researchers to showcase their work through oral and poster presentations, and network with peers, experienced academics and industrial scientists. Presenters can win the annual JPAG Pharmaceutical Analysis Research Awards (the prestigious Geoffery Phillips Analytical Science Award of £1,000 for first prize and £250 second prize) for the best oral presentations as well as £100 each for the best 3 posters. **Registration is free for all students, early career stage scientists and their supervisors/managers**, but we highly encourage students and early career stage scientists delegates to submit an abstract for poster or oral presentation to this exciting annual JPAG event.

The deadline for submission of abstracts has now passed

This could be the event to provide a step-change to your professional career. Perhaps your future employer will be here.

Registration will open at 8:30am for a 9am start, and the day will end with a Careers and Networking wine reception starting at 6pm.

Register now at www.jpag.org/cp157

Thursday 8th December 2022

Regulatory Hot Topics VII

Royal Society of Chemistry, London

This symposium will address issues and challenges associated with the implementation of updated, new and emerging guidelines. It will provide an excellent opportunity for dialogue, discussion and debate with speakers and the peer group in an open forum.

Delegates will be able to understand, interpret and translate into day-to-day practice the guidance on various key

topics.

An excellent opportunity to learn from expert speakers involved in the development of the guidance and best practice in these subject areas.

Register now at www.jpag.org/cp158
